'A Year in the Life' Collection

A photographic experience unlike any other. Four sessions over the course of the year can document anything under the sun. A family trip to the zoo, a fairy princess tea party, a trip to the beach to skip rocks or splash around, a child's first birthday party. The possibilities are endless! This collection includes four photo sessions and a one-of-a-kind coffee table book. This collection works well for baby's first year (maternity, newborn, 7 months and one year)! **1,850.**
